10.13 The name High Sierra continues on with their California landmarks with the name after a scenic CA region, it should be publicly available between September to November.. Going to the macOS storage analyzer can be a mixed bag of easy to understand actions to reduce disk usage to cryptic descriptions that are more daunting to deal with.. Having to play around with large video files can be a headache when my system has a blazingly fast SSD drive but is only 500GB in size.. Jun 08, 2017 Apple have released a developer beta of their upcoming operating system named macOS High Sierra, which will be macOS 10.13. Find the Storage tab and see how much free space you have
