## Free Virus Software Review: Best Free Antivirus Software

Free Virus Software Review: [Best free antivirus software for windows 10](#)

The first thing you should do when buying a new computer is to install the best free antivirus software. There are a lot of available free virus software in the market, making it challenging to choose which is the best free antivirus software to install.

I have narrowed down top best free antivirus software below to make it easier for you.

### Best free antivirus software downloads in 2020:

#### 1. Avast free antivirus

Score: 8/10

Avast Free is one of the best free antivirus software available, it has a friendly interface including password manager and a free network scanner which is definitely a great addition to your security system. The good thing is it does not slow your computer and it offers great virus protection.

Operating system: Windows, Mac, Android | Version: 17 | Features: Virus detection, Gaming mode, Password manager, Malware scanner

#### 2. Bitdefender antivirus free version

Score: 8/10

Another one of the best free antivirus software is bitfenfer free virus software. It provides a fast scanning and excellent antivirus protection. The down side is the scan
